\*\*\*\*\*

*The Royal Agricultural Society of the Northern Territory reserves the right to change the order of judging and/or the starting time for judging. Judging will be completed and dogs off the grounds by 10.00pm each night.*

*Every care is taken in the preparation of a catalogue, however it is the responsibility of exhibitors to ensure that exhibit details are correct. Errors and/or omissions must be reported to the Show Manager **PRIOR** to judging.*

*Exhibitors are required to remain until the completion of judging each day and until after the presentation of prizes on Saturday. Any exhibitor who is unable to observe this timing must arrange for a handler to remain with their dogs. The owner of any exhibit, which is required to return for further judging, may apply for a pass.*

*This exhibition is conducted under the Rules and Regulations of the North Australian Canine Association (NACA) Inc and a copy of the rules is available from the Show manager. All Northern Territory owners, exhibitors and handlers must be financial members of the North Australian Canine Association by close of entry.*

*ANKC Challenge Certificates are offered at this exhibition, one for each sex in each breed, and are awarded at the discretion of the judge.*

*Please do not leave the assembly area until the judging of your group is completed. Judging will be not be held up for exhibitors or exhibits that are absent when required. During General Specials judging, if you are required, make sure you are within the confines of the assembly area - you will be called three (3) times only. Failure to be there **MAY RESULT IN DISQUALIFICATION OF AWARDS ALREADY RECEIVED**. If you are unsure whether you are required for General Specials judging please check with the show manager. If you must leave the show before final judging please advise the Show Manager.*

## **DAVID FIFIELD (New Zealand)**

David Fifield has been associated with show dogs since 1954 when he acquired his first pedigree dog, a Standard Smooth Coated Dachshund.

Since his first show-dogs David has owned, bred and exhibited Dobermans, Labradors and English Setters before settling on Griffon Bruxellois and Pugs which he currently breeds under the Cricklewood prefix in partnership with his wife Julie.

He has been judging dogs since 1961, and became qualified to judge all breeds in 1977. He has judged extensively in New Zealand and Australia, and has also held appointments in North America, Japan and Hong Kong.

David has served as an executive member of the New Zealand Kennel Club for 12 years, and is currently President of the North Canterbury Kennel Association. A former Chairman of the New Zealand Judges Association, David was involved in training dog show judges.

David and Julie have two adult daughters and live in a rural area close to Christchurch, where they own and manage boarding kennels.

Now giving you  
more than ever  
before!

## Take a new look at PEDIGREE<sup>®</sup> MEATY-BITES<sup>®</sup> backed by the expertise of WALTHAM<sup>®</sup>

The science of dog nutrition has come a long way since the 1990s. As we enter the new millennium, PEDIGREE MEATY-BITES leads the way into the new era of performance nutrition.

Research scientists at WALTHAM Centre for Pet Nutrition have been busy delving into the area of nutrients that promote longevity, health and wellbeing. Not only do we want our dogs to live longer, we want them to be even healthier in their old age. WALTHAM has discovered a unique antioxidant blend, including natural plant extracts, that has proven health benefits.

PEDIGREE believes this discovery is so significant that the unique formula will be incorporated into all PEDIGREE Puppy products from June 2000.

The science behind the PEDIGREE range of dog foods is WALTHAM, The World's Leading Authority on Pet Care and Nutrition.

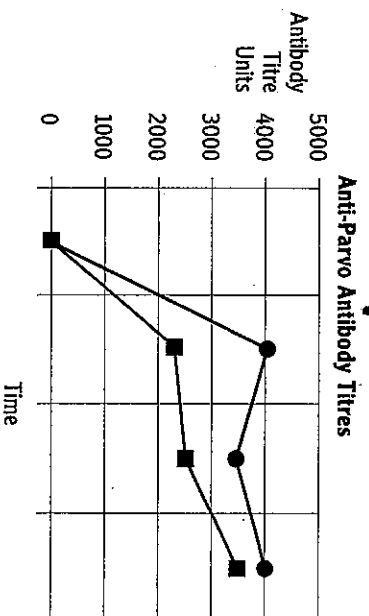

### Puppy stresses

Stresses are abundant during the first year of life. Puppies need to cope with weaning, a new home, visiting vets (including vaccination), seeing the world (including puppy classes), travelling, holidays, exercise (too little or too much), eating unusual things, eating too much food, spaying/neutering, kennels, dog training, puppy antics and growth. All these can compromise the immune system and therefore increase susceptibility to infection. A healthy immune system is therefore essential, especially during the first year of life.

### WALTHAM Studies

The immune system of puppies continues to develop after birth until it reaches an adult level of competence. This may take many months to occur.

Studies carried out by WALTHAM on the way that puppies respond to vaccination show that a daily supplement of a blend of antioxidants enhances puppy immune response to vaccine antigens. In the supplemented puppies there was a clear increase in the speed and response to the vaccine antigens, suggesting that puppies may be capable of mounting a faster immune response to any other foreign antigens that they may encounter, such as other infectious agents.

All PEDIGREE Puppy products will contain the unique antioxidant blend that enhances the immune response of puppies.

The benefits of this significant WALTHAM discovery will soon be available in all PEDIGREE Puppy products. In addition, the new enhanced recipe of PEDIGREE MEATY-BITES Puppy will be available in a great value 17kg bag. Not only will you be providing your puppies with greater protection, they will benefit from excellent palatability, great digestibility and nutrient absorption, concentrated energy and no artificial colours or flavours.

### New PEDIGREE MEATY-BITES

#### Leading the way in performance nutrition

The benefits of WALTHAM's research now extend into adult PEDIGREE products too. Each product in the PEDIGREE MEATY-BITES range now contains a new bio-balanced blend of antioxidants, essential oils, vitamins and minerals – giving your dogs health on the inside that shows on the outside (especially in the show ring!). The new PEDIGREE MEATY-BITES range, with antioxidants, will allow your dogs to enjoy a quality of health that reflects their vitality and spirit. And you know they are getting the nutrition they need for optimal health, backed by the expertise of WALTHAM.

#### A new addition for breeders!

Whether you are on the show circuit, breeding for perfection or simply enjoying your dogs, you want the best quality dog food that money can buy. PEDIGREE MEATY-BITES now introduces Performance 15%, a new variety for adult dogs, designed to meet the highest of nutritional demands. PEDIGREE MEATY-BITES Performance delivers:

- Excellent palatability – high palatability, acceptance and enjoyment in feeding trials.
- High absorption of nutrients – through greater bioavailability of quality ingredients.
- Great digestibility – high dry matter and protein digestibility in feeding trials with excellent faeces quality means less to pick up.
- Concentrated energy – high metabolisable energy so smaller meals are required.
- No artificial colours or flavourings – a natural choice for breeders.
- Added Antioxidants – increasing the antioxidant status of your dogs.
- Skin & Coat blend – essential fatty acids and zinc patented formula for excellent skin and coat results.

At about \$20 a bag, the 15kg PEDIGREE MEATY-BITES Performance Breeder Pack offers you unbeatable value for money – the performance you need at a price you can't beat!
